PLS TILE COLLECTION

Created by Pernille Lind, the mosaics were originally developed for the studio's residential and commercial projects. The designs present a contemporary interpretation of classic styles and can be adapted for your own bespoke projects.

DIAMOND MOSAIC MARBLE

WHITE

The tiles are made from Greek marble.

The white colourway combines Thassos white and Edessa black marble.

The colour combination was inspired by a beautiful period Townhouse in Copenhagen, combining traditional and contemporary influences.

For our "The Lakes Townhouse" project in Copenhagen

DIAMOND MOSAIC MARBLE

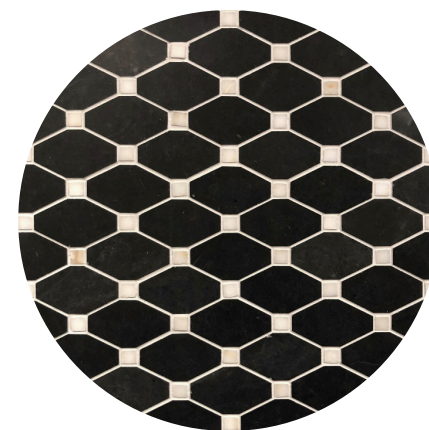

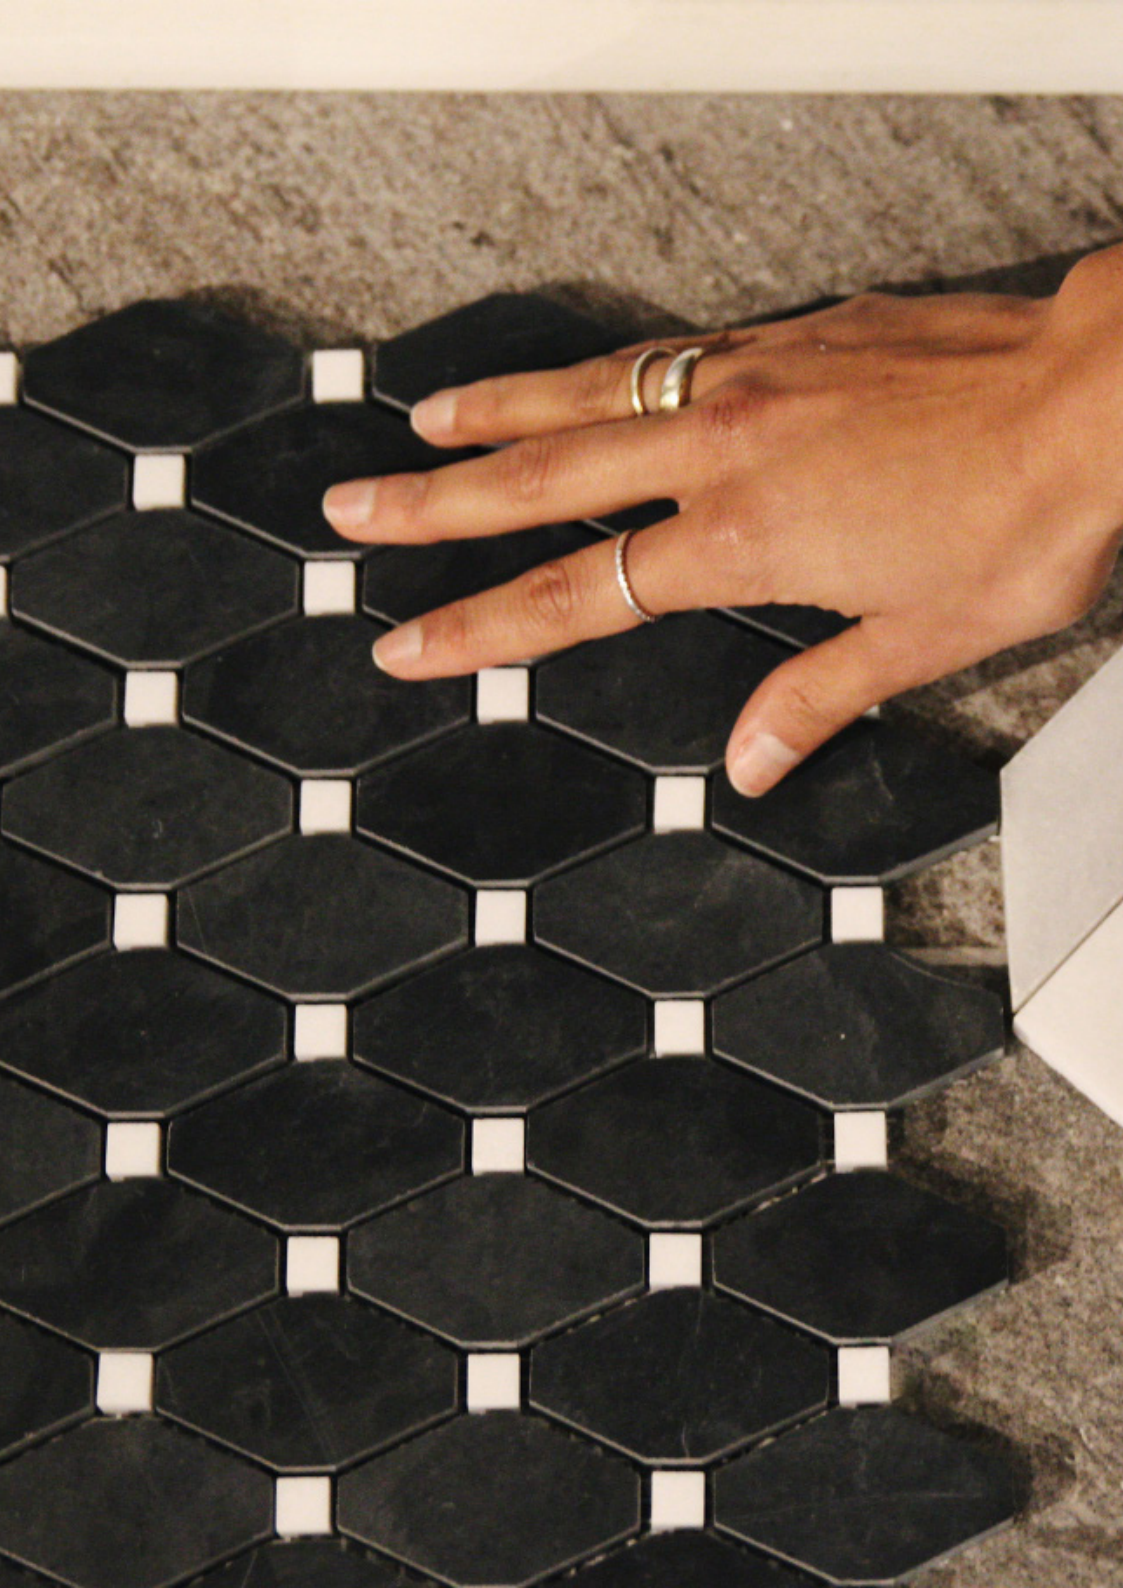

BEIGE

The beige tile is the latest addition to the collection. This colourway is a combination of Ligourio Light and Edessa black Greek marble.

This variation was inspired by softer more natural tones of the stunning Danish beaches.

For our "DM Beach House" project in Denmark

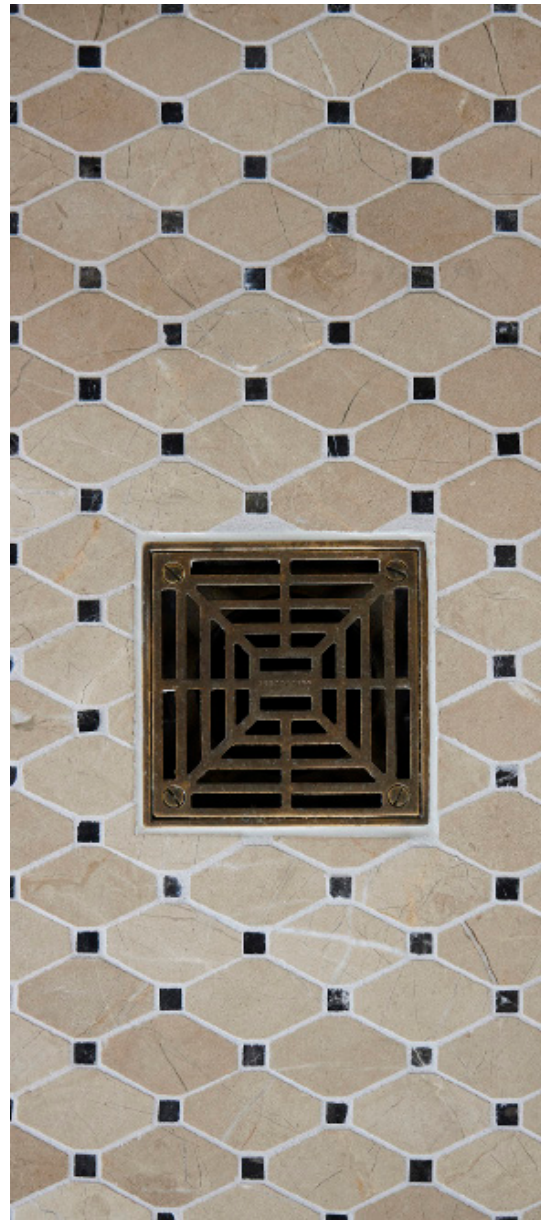

DIAMOND MOSAIC MARBLE

BLACK

This colourway combines Thassos white and Edessa black Greek marble.

This design was a variation on the classic white, inspired by a contemporary twist, working well in a more modern industrial interior.

For our "The Lakes Townhouse" project in Copenhagen

LABYRINTH MARBLE MOSAIC

This design combines Thassos white and Tinos green Greek marble.

These tiles were inspired by the Art Deco architecture and details of Downtown Chicago.

For our "Long Residence" project in Chicago

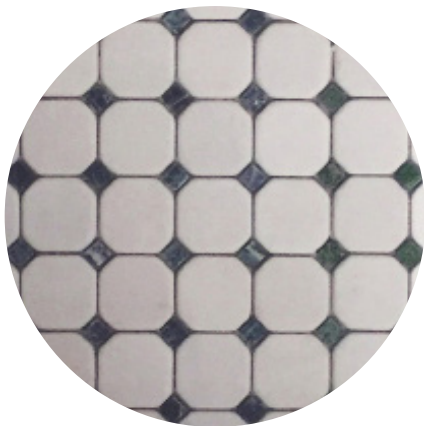

TUMBLER BLOCKS MOSAIC

This range is made from a blend of Thassos White, Kavala Grey and Edessa Black marble.

The design for these tiles was influenced by the three dimensional designs from the interiors of the Art Deco buildings of Downtown Chicago.

For our "Long Residence" project in Chicago

DOTTED SQUARE MARBLE MOSAIC

This timeless style is a combination of Thassos White, and Tinos Green marble.

Originally designed for the award winning boutique Hotel Sanders in Copenhagen, these tiles were used in the guest bathrooms. The design was a fusion of traditional style with modern influence, ideal for the hotel concept.

For Hotel Sanders in Copenhagen

Get in touch to find out how we can work together on your project to achieve bespoke sizes and finishes.

Our collection of tiles are suitable for floor and wall application.

The tiles come in a 30 x 30 cm net.

Minimum order is 10 sq.m.

All orders are dependant on availability of the Greek marbles that we use.

Full retail and trade price lists available upon request.
